WORK EXPERIENCE

Web Developer Intern, Proser Digital Solution   Sep 2023 — Nov 2023

"Interned at Proser Digital Solution Pvt. Ltd., immersed in website development and surrounded by supportive colleagues. Experienced a motivating atmosphere that encouraged continuous learning and personal growth. Grateful for the opportunity to contribute and learn in such a positive environment."

PROJECTS

E-Pass Generation System   Sep 2023 — Nov 2023

"Designed and implemented an E-Pass Generation System using Angular12, Spring Boot, Hibernate, and MySQL, providing a streamlined solution for online pass applications. Orchestrated the integration of front-end and back-end technologies, enabling efficient user registration, pass generation, and admin verification processes. Contributed to enhancing travel accessibility through innovative use of Java-based technologies, fostering seamless communication and secure data management."

Technologies Used :- Angular12, Boot Strap, CORE JAVA, Spring Boot, Hibernate, MYSQL
